Base Pricing

Mileage Charge: \$0.70 per mile round trip

H-5 Pricing

\$225 per test

Nitrogen Charge: \$5 per 100 psi used

-Nitrogen charge is typically \$10 per test when casing is full of fluid and there are no leaks

Fluid Level Analysis

\$125 for first well, \$55 for each additional well during same trip

H-15 Pricing

Fluid level test with sonic survey - \$125 per well tested

-This price may be discounted for multiple wells tested

Mechanical Integrity Test - same pricing as H-5

Texas RRC Filings Pricing

We handle all of your RRC operator filings for H-5 and H-15 tests for an additional \$50 per well tested. If you provide us copies of previous test forms for the same wells, this price will be discounted or free.

Consulting Services

We offer consulting and wellsite supervision services based on customer needs. Ask about your specific project for more information.

Well Servicing

We offer well servicing at competitive rates on wells ~3,500' or less. We offer package discounts when combining well servicing with one of our other services.

Pricing effective May 2020
