Base Pricing

Mileage Charge: \$0.75 per mile round trip

H-5 Pricing – (Mechanical Integrity Testing)

\$400 per test

Nitrogen Charge: \$5 per 100 psi used

-Nitrogen charge is typically \$10 per test when casing is full of fluid and there are no leaks

Fluid Level Analysis

\$125 for first well, \$55 for each additional well during same trip

H-15 Pricing

Fluid level test with sonic survey - \$175 per well tested

-This price may be discounted for multiple wells tested

Texas RRC Filings Pricing

We handle your RRC operator filings for H-5 and H-15 tests at no additional charge. Contact us for rates on other filings.

Consulting Services

We offer consulting and wellsite supervision services based on customer needs. Ask about your specific project for more information.

Well Servicing

We have two pulling units and other roustabout equipment that we offer to other operators when not busy on our wells. Contact us for more information.

Pricing effective February 2022
